Description :

PDF-5a821 | American Houses is a historical guide to the architecture of the American home. While other architectural field guides show only façades, this book includes floor plans, showing how the form of a house arises from its function. Photographs and drawings of exteriors illustrate the significant field marks of each style and help pinpoint the key elements that can identify a house even when it has be... *American Houses: A Field Guide to the Architecture of the Home*
