Description :

PDF-4bfa2 | There are a lot of books on flash photography, but few cover flash for the outdoor and nature photographer. Maybe you have a flash unit and have tried to use it in the field and the results are just not what you expected as you stumble to figure out how to apply light to create great photographs. In *Outdoor Flash Photography*, pro photographer Charlie Borland demonstrates how to use flash in your l... *Outdoor Flash Photography: For adventure and landscape photographers*
