: The Sound Reinforcement Handbook

ISBN : #0881889008 | Date : 1988-01-01

Description :

PDF-39a35 | (Yamaha Products). Sound reinforcement is the use of audio amplification systems. This book is the first and only book of its kind to cover all aspects of designing and using such systems for public address and musical performance. The book features information on both the audio theory involved and the practical applications of that theory, explaining everything from microphones to loudspeakers.
