Statics and Strength of Materials for Architecture and Building Construction (4th Edition) PDF

by Barry S. Onouye : **Statics and Strength of Materials for Architecture and Building Construction (4th Edition)**

ISBN : #013507925X | Date : 2011-03-05

Description :

PDF-116d2 | Statics and Strength of Materials for Architecture and Building Construction, Fourth Edition, offers students an accessible, visually oriented introduction to structural theory that doesn't rely on calculus. Instead, illustrations and examples of building frameworks and components enable students to better visualize the connection between theoretical concepts and the experiential nature of rea...
