Sustainable Materials Without the Hot Air: Making Buildings, Vehicles and Products Efficiently and with Less New Material PDF

by Julian M. Allwood : **Sustainable Materials Without the Hot Air: Making Buildings, Vehicles and Products Efficiently and with Less New Material**

ISBN : #1906860300 | Date : 2015-10-01

Description :

PDF-dd804 | Part of the hugely popular Without the Hot Air series, this book is accessibly written from an engineering perspective on a wide range of materials Presenting a vision of change for how future generations can still use steel, cement, plastics, etcetera, but with less impact on the environment, this book is a wake-up call first, and then a solutions manual. By providing an evidence-based vision of ... *Sustainable Materials Without the Hot Air: Making Buildings, Vehicles and Products Efficiently and with Less New Material*
